

THE INTERNATIONAL INSTITUTE FOR ADVANCED STUDIES IN SYSTEMS RESEARCH AND CYBERNETICS

INSTRUCTIONS TO AUTHORS

The following standard format has been developed to facilitate the publication of conference papers. Since it is intended to print the Conference Proceedings directly from the photo-ready manuscripts submitted by the authors, we request close compliance with the specifications below:

LENGTH: Papers should not exceed five pages printed with single spacing (including illustrations). A surcharge of Euros 45 will be charged to authors for each additional page exceeding the above limit.

PAPER: White letter size (8.5 in. x 11 in., North American format) paper of 20 lb. weight or more.

MARGINS: Single column text within left and right margins of 25 mm (1 in.) and top and bottom margins of 30 mm (1.25 in.).

PAGE NUMBERING: Pages should be numbered consecutively at the bottom center leaving a margin of 20 mm (0.75 in.).

HEADINGS: One level of section headings is preferred. Headings should be set in bold upper and lower case letters, two points larger than the text (not underlined).

TEXT: Text should be set in Times New Roman font with a size of 12 points.

ILLUSTRATIONS: Illustrations should be either black-on-white line drawings, or glossy black-and-white photographs with good contrast. Their horizontal dimension must not exceed the width of the text. All illustrations should be numbered, provided with a legend and referred to in the text.

UNITS OF MEASUREMENT: Standard International (SI) units should be used. The traditional foot-pound units may be added in parenthesis. Monetary data may be in any currency unit. However, authors are encouraged to add the equivalent amount in (US) \$ in parentheses to facilitate comparison.

REFERENCES: References in the text should be cited as follows:

- (i) (Howard, 1988); for one author
- (ii) (Peters and Niles, 1989); for two authors
- (iii) (Miller et al, 1983); for three or more authors

References should be listed at the end of the paper, arranged in alphabetical order by the first author's surname. If more than one publication by the same author in a particular year are cited they should be designated as 1986a, 1986b, and so on. The format of the reference list should be as follows:

Howard, J.B. (1988); Artificial Intelligence Principles and Practice; Longman (pp. 53)

Peters, P. B. and L. S. Niles (1989); Evaluation of Rate Algorithm;
Artificial Intelligence Applications, Vol. 6, No. 2 (pp. 23-26)

Miller, A., Penrose, D.F. and R.J. Ross (1983); The DIAZ Expert System:
Design and Implementation; Proc. 3rd International Symposium on
Cybernetics (ed. W. Fisher), Butterworth (pp. 359-368)

FIRST PAGE: The first page should include the full title of the paper, the name of the author(s) and their affiliation, an Abstract of approximately 200 words, and no more than six keywords to facilitate indexing.
